Crawler excavators

Quiet, safe and reliable. The environmentally-friendly Komatsu crawler excavators are simple to operate and probably the most efficient around. It's no wonder they're also among the top selling hydraulic excavators in the world.

Crawler excavators

From the popular PC210 to the mighty PC2000, all Komatsu crawler excavators share a number of features such as class-leading power output, stability, lifting capacity and operator comfort. All machines offer great fuel efficiency and performance.

Crawler excavators

PC2000-11R	794	1060	1080	196400 - 205700	14.0

Hydraulic mining excavators

Through technology and manufacturing innovation, we partner with you to create a sustainable future. Tailored to your needs, our machines are equipped with diesel or electric drive trains as well as face shovel or backhoe attachments supporting your application.

Mining excavators

The essential minerals from your mines are used to power modern technology, facilitate community growth and move society forward. These minerals are not easy to find and are even tougher to mine. Your customers trust you to deliver these resources, and you need a provider of equipment, services and technology you can rely on to help keep your operation productive and efficient. Together, we can focus on operating safely, productively, and responsibly.

Wheel loaders

Highly versatile, and featuring a perfect mix of power, comfort and reliability, Komatsu wheel loaders set new standards for the industry. With either a hydrostatic drive line or Powershift, Komatsu wheel loaders always offer exceptional tractive force and ultra-low fuel consumption.

Wheel loaders

Komatsu wheel loaders have proven themselves worldwide as multi-purpose performers in earthmoving operations and as prime movers in quarries. With a high resale value and long service life, they are comfortable, environmentally friendly and efficient.

Wheel loaders

Crawler dozers

If you need to push a large amount of material, our dozers have been engineered to be the workhorses of your fleet. For power and finesse for grading to slot dozing.

Crawler dozers

Komatsu bulldozers combine a comfortable operator environment with the latest technology giving excellent performance over the whole working cycle. The high-quality components and a unique undercarriage design make Komatsu dozers the most cost-efficient in their class.

Crawler dozers

Dump trucks

First-class comfort and safety are standard features on any Komatsu model, ensuring a smooth and reliable experience. Our dump trucks offer power, performance, and productivity to get the job done quickly, efficiently, and neatly, even in the toughest conditions.

Dump trucks

Komatsu dump trucks can transport heavy loads quickly, easily and cost effectively. Available in rigid or articulated versions with state-of-the-art designs, they are built around a powerful Komatsu engine and are exceptionally strong machines. They guarantee complete driving safety, even at high speeds.

Rigid dump trucks

Model	Engine power (ISO 14396)			Rated payload metric tons	Max. body capacity SAE m ³	Max. travel speed km/h
	kW	HP	PS			
HD465-7R	551	739	749	55	34.2	70.0

980E-5	2610	3500	3550	363	250	64.0

Articulated dump trucks

Model	Engine power (ISO 14396)			Rated payload metric tons	Max. body capacity SAE m ³	Max. travel speed km/h
	kW	HP	PS			
HM300-2R	254	340	345	27.3	16.6	58.6
HM400-3R	338	453	460	40.0	24.0	56.0

Motor graders

Komatsu's new graders feature safety, high performance and fuel efficiency, operator comfort and easy serviceability.

Motor graders

Powerful, with great control and low emissions, Komatsu motor graders have a power train with a torque converter drive and automatic transmission along with selectable work modes that combine for top class performances and low operation costs. A long wheelbase and a large articulation angle make slope cutting easy and provide simple and high quality levelling.

Motor graders

Model	Engine power (ISO 14396)			Operating weight kg	Blade length m
	kW	HP	PS		
GD555-5	144	193	196	15135 - 17065	3.71
GD655-5	165	221	224	15495 - 17425	3.71
GD705-5	194	260	264	19300 - 22150	4.32
GD755-5R	216	290	294	21650 - 24380	4.32
GD825A-2	223	298	303	31655	4.88
GD955-7R	318	426	432	47320	5.50

Wheel dozers

Wheel dozer

Model	Engine power (ISO 14396)			Operating weight kg	Blade capacity m ³
	kW	HP	PS		
WD600-6R	396	530	538	48090 - 49105	8.0 - 10.6

Wheel dozers

Robust, productive and fuel efficient, Komatsu wheel dozers are designed to handle a multitude of mine site tasks. Their maneuverability and flexibility make them ideal in environments that demand speed and agility while maintaining the highest levels of operator safety.

Backhoe loaders

Rigid backhoe loader

Model	Engine power (ISO 14396)			Operating weight kg	Bucket capacity m ³
	kW	HP	PS		
WB93R-5	74.0	99.2	101	8070	1.0

Backhoe loaders

With several state-of-the-art innovations, Komatsu backhoe loaders are manufactured to provide the highest level of performance and to meet the particular needs of emerging markets.

Skid steer loaders

Model	Engine power (ISO 14396)			Operating weight	Payload	Breakout force	Bucket capacity
	kW	HP	PS				
SK714-5	34.9	46.8	47.5	2530	650	1716	0.35
SK820-5	36.2	48.5	49.1	3030	900	1450	0.40

Skid steer loaders

Just jump in any Komatsu skid steer loader – and enjoy the ride. With a standard joystick and simple controls at your fingertips, you will find these machines as easy to operate as your own car.
